Simply lending a hand...

Series 4 (including Series 4X)

Battery-powered Volaro full-body lifts allow safe, smooth transfer from bed to wheelchair, or wheelchair to commode.

- Weight capacity: 450 lb. (Also available: 4X model with up to 600 lb. capacity for bariatric residents.)
- Lift range: from floor to high beds or tubs
- Durable construction
- Wide range of slings and accessories available
- 10-year warranty

Non-arching beam
provides high lifting capability with comfort and safety.

Safety padding
protects the resident, prevents skin tears. Easy-clean vinyl.

Digital scale option
saves time; adds convenience.

Control switches
thumb controls or remote control allows user-friendly maneuverability and control.

Removable battery pack
assures that lift is always charged. Long life/heavy-duty.

Battery indicator
signals visually when battery is low.

Saddlebag holders
provide convenient storage for extra slings and gloves.

Adjustable base
permits easy movement around objects.

Compact base
allows easy mobility even in small bathrooms.

Safety retention clips
provide extra safety even if slack occurs.

Sling harness
is safe and easily cleaned.
